Profile

I am a dedicated and motivated diploma student currently pursuing studies in Computer Science. I have a strong interest in technology and enjoy learning about programming, software development, data science and how digital systems work. My goal is to gain hands-on experience and practical skills that will prepare me for a successful career in the tech industry. I am always eager to explore new technologies, solve problems, and continue growing both academically and professionally.

Professional Experience

Web System Developer, *Akongo Dorothy at Asili Yamama Generation Care LTD* I was a full stack developer for asiliyama.org website where I developed UI, UX and backend to accomplish a well-versed website to attract donors, caregivers and volunteers.
